

# meet La'Tonya Saint-Jon

La'Tonya Saint-Jon has been in the real estate business since 2004. She worked for other real estate agencies early in her career, but felt that they lacked values and services that she wanted to extend to her clients. In 2007 La'Tonya branched out on her own to develop a company that through her expertise would nurture, and educate clients, giving the buying and selling knowledge back to the client. La'Tonya found that placing herself in her client's shoes is the best way to meet their individual needs. La'Tonya is known for her ability to sell listings fast, and her work with clients within the medical and EMS systems, she understands and adapts to availability needs of her clients. To this day La'Tonya still receives referrals from her very first clients, working with their families and friends, even extending her knowledge to their children with college housing placement. These request from her clients were so frequent that a division for college off-campus living was created within the agency which places 30-50 students and medical residents each year, this department offers some peace of mind to parents and students in finding housing close to campus. The extra effort, special treatment and service given to her clients has kept La'Tonya's business steady in a sometimes not so steady market doing what she loves, helping others.

## clients testimonial

"We recently purchased a condo in Chicago, and we cannot recommend La'Tonya Saint-Jon and St. Jon Realty LLC enough! She is incredibly passionate about getting you into your perfect home with the best experience possible! As first time buyers, we held quite a bit of worry and fear (to say the least), and La'Tonya was always there to answer a text or call- reducing our anxiety and concern and solving our problems. From beginning the search, touring homes with us, and closing our home, La'Tonya was 100 percent on our side-advocating for us, suggesting specific things to observe in homes, simplifying real estate complexities, and respectfully and effectively pushing for our concerns when necessary! Even after the purchase, she continues to follow up with us, answer questions about home ownership, and do whatever she can to ensure we still love our home (we do!!!). It is evident that she takes enormous pride in the quality of work she does as a realtor, and her clients are the true benefactors of that!!! If you are hoping to have a realtor that is kind, responsive, thorough, knowledgeable, well-connected, and a true advocate for you, then look no further than La-Tonya Saint-Jon and St. Jon Realty LLC." - **Joey Monahan & Rolando Perez**

"Tonya went above and beyond to ensure I was updated and informed during every step of the home buying process, her communication was seamless. She is straightforward and easy to work with, and clearly has a passion for what she does. It was truly a pleasure working with Tonya, and I couldn't have asked for a better realtor to help me buy my first home!" - **Katie Mehaffy**

"Latonya is exceptional and passionate about real estate. Her expertise made Latonya indispensable when we purchased our first home in Chicago. Her attention to detail and guidance made the entire buying experience a joy despite the difficult situations that occurred during negotiations." - **Sandrine Mbah**

"Because of our personal experience with Latonya's professionalism and client advocacy as buyers, she is the obvious choice to represent our family's interests as a selling broker. LaTonya is outstanding, and I recommend her and St. Jon Realty LLC without reservation." - **Maria P**
